Bovey Tracey & District Hospital.

THE HOSPITAL IS SUPPORTED BY VOLUNTARY CONTRIBUTIONS.

- I. Subscribers and Donors of One Guinea and upwards are entitled to one Letter of Recommendation for each Guinea.
- II. Terms for Admission of Patients :—
 - (a) Accidents and emergency cases requiring immediate operation are admitted at once, provided there is room, it being understood that patients will pay the necessary charges upon leaving the Hospital.
 - (b) Patients admitted with a Subscriber's Letter of Recommendation are charged from 7/6 to 15/- per week at the discretion of the Committee.
 - (c) Private Patients are charged from £1-1-0 to £7-7-0 per week, according to circumstances; and if a Special Nurse is needed extra charge is made for her services and board.
- III. No Patient admitted under Paragraph (b) shall remain in the Hospital more than four weeks without a fresh Letter of Recommendation, or Special Order of the Committee.
- IV. All Patients are expected to conform to the Rules of the House.
- V. Visiting times at the Hospital are Sundays, 2—4 p.m., Tuesdays and Fridays, 3—4 p.m., and other times by special permission; subject in all cases to the Doctor's approval. Ministers of all denominations are allowed to visit Patients at any reasonable hour.
- VI. Dr. Arnott and his assistants give their services gratuitously to all Patients admitted with a Letter of Recommendation; but when the Hospital is used by Private Patients, in the event of accommodation being available (Hospital cases having always first claim), fees are charged the same as if treatment was carried out privately.

Report, 1926.

The year 1926 has been a very busy time at the Hospital. The number of Patients admitted was 54, many of whom were under treatment for a considerable length of time. There were three deaths during the year. The Hospital has also been freely used by out-Patients for minor ailments and dressings.

It was found impossible to organise the Rose Day Collections which have been made in the last two years. A very successful American Tea was, however, arranged and carried through by Mrs. Howell, Mrs. Perry and a large body of helpers, the Hospital benefiting to the extent of £61.

The Bovey Carnival Committee were again able to contribute the sum of £50, so that with an anonymous donation of £50, paid into the Bank, and a good many new subscriptions, the deficit of £72 with which the year opened has been reduced to £34.

On several occasions Private Patients paying good fees have had to be refused owing to lack of room at the Hospital, as preference is always shown to Patients coming in with a Letter of Recommendation in accordance with Rule VI.

The Committee once again urge the claim of the Hospital on all residents in the district, and appeal for a large increase of *Annual Subscriptions*, both large and small, to provide the steady income which is so desirable from a business point of view.

The Matron has received many useful gifts for the house and store cupboards during the course of the year. A very generous response also was made, both in money and kind, to the Pound Day notices sent out before Christmas.

The Committee desire to thank very warmly all who have contributed to the support of the Hospital during the year by money, gifts, or the arrangement of entertainments.

IRIS MOODY, *Hon. Sec.*
